Auto-Language Detection: The app automatically recognizes Dutch or English! Just paste your chat text below, then click translate. Manual language selection is also available if needed.

PASTE YOUR CHAT TEXT

Try this example text to test the translator:

10:30 hey what's up bro
10:31 not much lol, wanna hang later?
10:32 yeah for sure! what time?
10:33 maybe around 7pm?
10:34 sounds good, see you then

 **Tip:** The example text above is ready to translate! Just scroll down and click the TRANSLATE button. Or clear it and paste your own chat.
